1984

*(Photo by Joseph G. Hakey)*

This new carved, gold lettered sign located near the Common at Main and Church Streets was a gift to the town by the Wakefield Mothers Club. Mrs. Adele Welford, 1984 club president and Leah Zanotti, who suggested the idea, are shown admiring the tailor-made sign which is surrounded by appropriate plantings suggested by the Wakefield Garden Club.

## VOTING IN WAKEFIELD, ELECTIONS AND POLITICAL ORGANIZATIONS

Prepared by the League of Women Voters

### To Be A Voter, A Person Must Be

an American citizen (native-born or naturalized)  
18 years or more in age  
a resident of Massachusetts  
a resident of Wakefield

### To Register As A Voter, A Citizen Must

appear in person before an authorized Registrar of Voters

### When and Where to Register:

9:00 A.M. to 5:00 P.M. Monday through Friday in the Town Clerk's office.  
7:00 to 8:00 P.M. Tuesday evenings in the Town Clerk's office by appointment. Or at especially designated places in precincts, within two weeks of the closing of registration, scheduled by Board of Registrars and announced in the Wakefield Item.

However no registration takes place between the 32nd day preceding and the day following the State and Presidential Primaries and the State Elections nor between the 20th day preceding and the day following the annual Town Election.

Registration is permanent unless a voter moves to a new city or town or changes name by marriage. However, failure to respond to the Annual Census may result in being dropped from the list of Registered Voters, per Chapter 51 — Section 4. A voter, moving from one precinct to another within the town, should immediately notify the Registrars of the changes to assure being able to vote in the new precinct, otherwise he must vote in his former address.

Registrations are administered by the Board of Registrars. The Board is composed of three citizens, appointed for three year terms by the Board of Selectmen, and the Town Clerk, who by virtue of his office, serves as clerk of the board.

### Polling Places

1. Precinct 1 — Americal Civic Center
2. Precinct 2 — Greenwood School
3. Precinct 3 — Americal Civic Center
4. Precinct 4 — Hurd School
5. Precinct 5 — Franklin School

Local elections are held annually on the first Monday in March to elect certain officials and members of boards for their respective terms.

Local elections are non-partisan. Write-ins are permitted, and absentee voting is allowed in local elections.

## To Become a Candidate for Local Office A Citizen Must . . .

be a registered voter

secure nomination papers from the Town Clerk (one set of papers for each office to appear on the ballot)

obtain signatures of 50 registered voters

\* submit nomination papers with the Board of Registrars for certification 35 days before the Town Election. File with the Town Clerk by 5 p.m. on the 28th day before the Town Election.

(This places the candidate's name on the ballot officially, providing the papers are properly certified).

The Town Clerk administers election. The Board of Selectmen annually in August appoints election officers to supervise voting at the polls. These include five wardens and five clerks.

## To Join a Political Party . . .

A voter must declare his party choice as he enters the polls to vote in the primary elections.

## To Change or Cancel Party Enrollment . . .

A voter may either appear in person or use the postal system to change his Party Designation. This may be done any time except when registration is closed, immediately preceding elections.

A party member is eligible to be a delegate to his party conventions. Membership on the town Democratic and Republican Committees is determined by ballot every four years at the Presidential Primary. A non-party member is called an "un-enrolled" voter.

The Annual Report of the Town Officers is published each year and is available at the time of Town Meeting and also at the public library. The report includes all financial data pertaining to the costs of town operating expenses.

## Procedure of Town Meeting . . .

The Moderator, an elected town official, presides at town meetings. He begins to read the call for the meeting. Usually a motion is made to waive further reading of the warrant (with the exception of the constable's return which the law demands be read) and the motion is carried. Articles in the warrant are taken up in order as they are printed in the warrant unless it is requested by a two-thirds vote that they be taken up otherwise.

The recommendations of the Finance Committee are given before voters discuss or act upon an article. For the annual town meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations", and may be obtained at the Selectmen's Room at Town Hall.

Following the Finance Committee's recommendations or the recommendations of such special department as may be permitted to make recommendations, the sponsor of the article is usually allowed to present his case. The voters may then debate the question according to rules of parliamentary procedure prescribed by the town's bylaws such as:

—Stand, address the Moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.

-Speak for not more than 10 minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.

—Speak not more than two minutes on any one of the following motions:

Motion to adjourn

Motion to lay on the table

Motion to take from the table

Motion to put the previous question

(These motions only are in order when a question is under debate.

Total time allowed for debate on each motion is six minutes).

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. A vote may be reconsidered at the same session or at adjourned session upon two-thirds vote of the assembly. The Moderator may request a voter to put his motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at the town meeting is further governed by the rules of practice, as they are pertinent to town meetings, in Cushings' Manual of Parliamentary Procedure.

## The Town Meeting Warrant and the Annual Report\*

The warrant is composed by the Selectmen, with articles being entered by request or petition. Individual voters may have an article inserted by petition. The Selectmen receive all petitions for the warrant, except those having to do with sidewalks, drainage, sewers and streets which must be submitted to the Board of Public Works. Signatures of ten or more registered voters are required on articles for annual town meetings; 100 signatures are required for articles filed by citizens in warrants for special town meetings. Signatures on petitions must be exactly as the voters' signatures appear on the voting list. Voters may request the advice of the Town Counsel in drawing up an article. Customarily, public announcement is made of the opening and the closing dates of the warrant. Citizens, however, may take their petitions to the Selectmen at any Board meeting during the year and the Selectmen will hold such articles for insertion in the warrant for the next town meeting. Department heads enter their articles by the process of request.

# *Report of the Board of Selectmen*

Eugene J. Sullivan, Jr., Chairman  
Alfred J. Yebba, Secretary  
John W. Moccia, Jr.  
Thomas A. Mullen  
Paul V. Wheeler

At the Board's organizational meeting, following the Annual Town Meeting in March, Eugene J. Sullivan, Jr., was elected Chairman and Alfred J. Yebba was elected Secretary. Other board members are John W. Moccia, Jr., Thomas A. Mullen, and Paul V. Wheeler.

The powers, duties and responsibilities of the Board of Selectmen are broadly diversified in hundreds of sections of law applying directly to selectmen.

The Town continues to operate under the Board of Selectmen-Executive Secretary plan of municipal administration. This plan maintains the selectmen in their traditional role as the elected directors of the municipality and provides for an administrator to carry out administrative assignments within a policy framework established by the Board of Selectmen.

The broadly diversified powers, duties and responsibilities of the Board of Selectmen affect the functioning of all Town departments, and central coordination is essential to an effective and efficient municipal administration.

The Board of Selectmen and the Executive Secretary represent the Town's interest before governmental officials, committees and commissions at the various levels of government for the purpose of presenting information and evidence on matters which concern the Town of Wakefield.

The necessity for effective liaison and representation between the Town, the Federal government, the State government and metropolitan agencies continues to be increasingly complex and demanding. The Town's active participation is necessary to the Town's responsible representation in an area of activity that involves significant financial interest as well as progressively increasing socio-economic impact.

Local governments are increasingly involved in shaping the economic destinies of their communities. In part, this is the result of continued demand for costly services at a time when inflation and resistance to tax increases are stunting revenue growth. As communities pursue economic development goals, local government administrators must become principal figures in the brokering of public and private interests in land development negotiations.

The development of the Harvard Mills project in the rehabilitation of the former Transitron Building into a multi-million dollar office building is a prime example of this effort. The developer was quoted as follows: "This is a great example of how the public and private sector can work together. This could never have happened without the assistance of Town Accountant-Executive Secretary John McCarthy."

Another currently progressing development of research-office buildings in the Pleasure Island Road/Audubon Road area is expected to take place in the current year. Again, this will be a multi-million dollar investment which will increase the Town's tax base.

The Fire and Casualty Insurance Program, which extends to all municipal departments and provides for various types of required protection, amounted to

a premium cost of \$115,429.69. The Workers' Compensation Insurance Program extends coverage to all insurable departments of the Town at a premium cost of \$170,199.81.

The Group Insurance Program of medical, surgical, hospitalization and life insurance benefits, authorized for Town employees by referendum action in March 1958 and extended to cover employees who retired after original acceptance of the legislation which provided group insurance benefits to Town employees (Chapter 595, Acts of 1959), continues to present the best features of any plan of protection for Town employees. There are presently 496 active employees, 218 pensioners and 129 optional medicare members in Blue Cross Blue Shield; 638 active employees and 266 pensioners in the life insurance program; 88 active employees and two pensioners in the Harvard Health Maintenance Organization. The gross premium cost amounts to over \$1,572,651.33, of which amount the Town contributed \$1,330,135.03.

Chapter 763 of the Acts of the year 1965 became effective on February 16, 1966, which constituted enactment of collective bargaining for municipalities. Municipal employers are prevented from (a) interfering with the right of employees to organize for the purpose of collective bargaining, (b) dominating or interfering with any employee organization, (c) discharging or discriminating against any employee who testified before the State Labor Relations Commission on a certification proceeding, (d) refusing to bargain collectively in good faith with a designated exclusive bargaining agent, and (e) refusing to discuss grievances with the bargaining agent. The statute states, "the municipal employer shall be represented by the Chief Executive Officer, whether elected or appointed, or his representative or representatives." It has been determined that the Board of Selectmen is the Chief Executive Board in towns for the purpose of this statute, except as to School Department personnel. This legislation continues a costly and complex impact on municipal administration in Massachusetts.

Chapter 1078 of the Acts of the year 1973 has identified municipal labor contract negotiations as a matter of serious fiscal consequence. The Board of Selectmen has long recognized the necessity for professional representation at the bargaining table and has continued to engage specialized legal services in this important relationship. Town Counsel has been authorized to engage the services of Special Labor Counsel, and Atty. Edward Schneider has served in this capacity since the inception of this statute.

Chapter 580 of the Acts of 1980, more commonly referred to as Proposition 2½, has developed a serious strain between the requirement for services and the allowable expenditure of revenue raised by real estate taxes. This dichotomy is being further exasperated by its compounding effect.

The Data Processing Division is continuing on a plan of adapting manual methods, as are cost effective, to internal computer systems.

The real estate system, which encompasses property records, bills and cash posting, was transferred from an outside computer service bureau to in-house. The transfer resulted in reduced costs and greater efficiency. Systems that have been previously converted include the Town's payroll, retired pension payments, accounts payable, motor vehicle excise tax collection, water billing, and appropriation and classification ledger.

The Town's Manual General Accounting System is scheduled to be converted to the Revised Uniform Municipal Accounting System on the in-house system during the next fiscal year. Further efficiency is anticipated.

The Town operates a Data General Eclipse computer with eight tv-like display terminals that are used in various Town departments to process daily activities.

The Board observed with regret the deaths of the following active and retired employees:

Angelo Lusignolo — School Department  
 Glen Melton — Public Works Department  
 Ethel Traunstein — Library Department  
 John Henigar — Public Works Department  
 William Young — Fire Department  
 Georgette Clark — Town Clerk's Department

## *Report of the Board of Appeals*

The Wakefield Board of Appeals, a quasi-judicial body with three members and three alternates appointed by the Board of Selectmen, operates under the Zoning Bylaws of the Town of Wakefield and under Chapter 40A of the General Laws of the Commonwealth of Massachusetts.

The Board of Appeals held hearings on a total of 42 Petitions during 1984. Of these Petitions, 25 were approved, 6 were denied, 9 were withdrawn, and 2 are awaiting decisions. The majority of the Petitions were requests for variances, although several requests for Special Permits were acted on by the Board.

Attorney Mark M. Curley served as Chairman of the Board for the year, and Attorney James Caffrey served as alternate attorney. Other Board members are James Sen and Franklin J. Fotino. Alternates are Richard Ellis and Walter Howlett. Mrs. Ethel Bisacre served as Secretary of the Board.

Respectfully submitted,

MARK M. CURLEY, Chairman  
JAMES CAFFREY, Alternate Chairman  
JAMES SEN, Member  
FRANKLIN J. FOTINO, Member  
RICHARD ELLIS, Alternate  
WALTER HOWLETT, Alternate

## *Report of Wakefield CATV Advisory Committee*

This Committee maintains P.O. Box 1710 in order to receive subscriber complaints and mail concerning public access programming. Warner-Amex report 5042 subscribers in December 1984, most of whom do not complain any more about billing or signal quality. Reaching Warner-Amex by telephone, difficult for all in summer of 1983, is easy now since Warner-Amex installed a new telephone system.

The Committee met eighteen times in 1984 and twice with the Board of Selectmen. At the March meeting, in response to a committee compiled tentative list of 14 violations of the contract, Warner-Amex stated they would not supply the home security system but would try for the others; indeed that evening the mobile van showed up for the first time. The Committee later examined the van in detail; it has yet to accept this van.

The Committee is grateful to Robert Bennett, Audio-Visual Director at Wakefield High School, for his expert advice and time and effort in examining this van, the high school studio (local origination) and the Water Street Warner-Amex studio (public access). He aided a subcommittee consisting of James Meuse, Eric Reid, and new member Patricia Maher in compiling a point by point comparison of the contract with what was actually received. The Committee approved this report and referred it to the Board of Selectmen in November who

gave the Committee permission to negotiate with Warner-Amex. (Town Counsel may be exploring legal avenues.)

After a recent change in Warner-Amex management and a new office in Medford, this Committee, at this writing, has a positive feeling that the various questions can be resolved and adequate compensation can be found for the absence of the home security network.

Late last year local programming began and classes for (local) public access producers began. This Committee's duties include disbursing, subject to approval of the Board of Selectmen, the Local Programming Fund; this fund is replenished by Warner-Amex every year in a lump sum of \$15,000. \$9,547.18 has been allocated in 1984. The Committee praised Barbara Bishop, former Warner-Amex Public Access Coordinator, for her efforts in seeing public access off to a good start. With the Board of Selectmen's support, a precedent has been set for free speech. Now active is POWA, the Producers of Wakefield Association.

Committee members have attended meetings of the consortium of CATV Committees in Warner-Amex served communities and also conferences sponsored by the Mass. Cable TV Commission.

Respectfully submitted,

## *Report of the Personnel Advisory Committee*

The Personnel Advisory Committee (PAC), established in 1978, presently consists of five members appointed by the Moderator.

The PAC's role is to provide personnel policy recommendations and guidance to the Board of Selectmen and the Personnel Administrator as well as reviewing policy guidelines with respect to collective bargaining.

The Committee continues its active involvement in the Town's collective bargaining process. The Town of Wakefield, excluding Schools, negotiates with seven employee unions representing more than 90% of the total eligible Town employees.

## *Report of the Town Planning Board*

The Town Planning Board is made up of an elected five member board. They have jurisdiction over matters concerning the subdivision of Land and the regulation of the use of land and the construction of buildings within the Zoning Bylaws.

In 1984 the Planning Board experienced substantial activity in regard to requests to subdivide land and there were many inquiries from the Town Treasurer regarding the disposition of Town land for which the Board made appropriate recommendations.

Among the activities conducted were 16 regular meetings, 8 Public Hearings and one Board of Survey Hearing. The Planning Board, acting as a Board of Survey, approved the layout of Shady Avenue. During the year the Board reviewed and approved four subdivisions for a total of eighty house lots. The four subdivisions are Jordan Terrace (8), Colette Road (6), Orsini Drive Extension (19) and Montrose Woods (47).

Mr. Vincent J. Cardillo was re-elected to serve a second five year term on the Board at the 1984 Annual Town Election.

At the Board's annual re-organization meeting, Mr. James T. French was elected chairman, Mr. Alfred R. Yebba was elected vice-chairman, and Atty. Hugh J. Powers was elected secretary. Mr. Michael T. Collins was re-appointed consulting engineer.

Atty. Hugh J. Powers resigned from the Planning Board in September to accept an appointment to the position of Corporate Counsel to a leading computer company. Mr. Vincent J. Cardillo was elected secretary to succeed Atty. Powers.

At a joint meeting of the Planning Board and the Board of Selectmen, Mr. Samuel A. Sacco was unanimously elected to fill the vacancy on the Planning Board.

Mr. James T. French was elected President of the Massachusetts Federation of Planning Boards at its annual meeting in October.

Respectfully submitted,

## PERSONNEL

In 1984 the Fire Department consisted of a Chief, four (4) Captains, four (4) Lieutenants, forty-three (43) Firefighters, and one (1) female clerk.

The Department works a forty-two (42) hour work week, comprising of four (4) groups. Three groups consisting of thirteen (13) men and one group consisting of twelve (12) men.

Firefighter Robert Sampson was given a six month leave of absence during the year by the Board of Selectmen, for personal reasons.

The Board of Selectmen appointed Walter V. Maloney, III and Michael Sullivan, Provisional Firefighters from a certified Civil Service list to fill the vacancy of Firefighter Robert Sampson.

## FIRE PREVENTION

Quarterly Fire Drills and Inspections were conducted in public and private schools, nursing homes, hotels, boarding and lodging houses and inns, as required by State Law.

During the year 1984, the Department conducted 486 in service inspections of commercial, industrial, and residential properties.

Three hundred eighty (380) inspections were conducted and approved for early fire warning (smoke detectors) systems in new and existing properties.

A total of 288 permits were issued under State Fire Prevention Regulations.

### TRAINING

The Department schedules daily training programs on various Fire Department operations.

6 department members completed a refresher course for Emergency Medical Technician recertification.

A course in Cardiopulmonary Resuscitation (CPR) for all Department members was conducted during the year as required under the First Responder Law.

A course was conducted by the Massachusetts Fire Academy for all officers in training Department members on various Firefighter programs.

Eight (8) Department members attended a seminar on Hazardous Material familiarization.

A representative of Distrigas of Massachusetts presented a three hour training program on Liquefied Natural Gas (LNG) to all Department members.

Massachusetts Fire Academy conducted two day courses on Pumps and Hydraulics for Department members.

### FIRE ALARM

#### FIRE, POLICE, TRAFFIC SIGNAL SYSTEMS

The year 1984 has been a busy one for the fire alarm division, an extensive project at the Harvard Mills Complex, the relocation and converting to an underground cable system within the area has been undertaken and will be completed in 1985.

Old and obsolete fire alarm boxes continue to be replaced, four new fire alarm master boxes have been added to the signal system, cable replacement of the fire alarm wires on the east side of town is underway.

Repair and maintenance of the traffic signals have been made during the course of the year.

## *Report of Director of Civil Defense*

The Civil Defense Department continues to function under the general direction and control of the Board of Selectmen as is required under the provisions of Chapter 639 of the Acts of the year 1950.

The Auxiliaries of Fire and Police continue under the jurisdiction of the Chiefs of Fire and Police. Operation of the Civil Defense Rescue Truck has been available for both Fire and Police calls.

Chief Radio Officer J. Henry Sleeper, Communications Officer, has remained effective throughout the past year. Alerts and Checkerboard Tests emanating from State Civil Defense Headquarters have been responded to.

The Director and all members of the Auxiliaries serve on a volunteer basis. A part-time office clerk is the only paid employee.

On June 28 of 1984 Governor Michael S. Dukakis signed a new Executive Order dealing with all types of emergencies, and endorsing the concept of Comprehensive Emergency Management. CEM is a cornerstone of Civil Defense preparedness program.

Throughout 1984 both Auxiliaries worked in close cooperation with the Fire and Police Departments. Auxiliary Fire totalled general manhours of 2646.50 and new rescue manhouses of 6600.00. Auxiliary Police assignments included traffic control, parades, road races and training sessions including firearms practice. Both units thereby aiding the efficiency of the regular Fire and Police Departments.

Respectfully submitted,

WILLIAM P. HURTON

Director of Civil Defense

*Report of  
Wakefield Housing Authority*

In accordance with Chapter 121B, Section 29, of the General Laws of the Commonwealth a copy of this Annual Report is sent to the Executive Office of Communities and Development, to the Board of Selectmen of the Town of Wakefield, and to the office of the State Auditor.

Four members of the Authority are elected to serve for terms of five years each. The elected Commissioners and the expiration of their terms of office are as follows:

Chairperson Dr. Marilyn Mathias Root, 8 Forrester Road	March 1986
Vice Chairman Arthur J. Rotondi, Jr., 4 Newall Road	March 1985
Treasurer Mary S. Sweeney, 21 Salem Street	March 1989
Asst. Treasurer Francis A. Langone, 15 Chestnut Street	March 1987

The fifth Commissioner, Rev. Dr. Robert A. Cruickshank, is appointed by the Secretary of the Executive Office of Communities and Development for a 5 year term which will end in June, 1987.

Board meetings are held on the fourth Tuesday of each month in the main office of the Authority at 26 Crescent Street and the annual meeting is held on the fourth Tuesday in March.

The Authority owns and manages three elderly housing developments: 116 apartments at Hart's Hill completed in 1964 and 1970, respectively; 25 apartments at Lincoln School House completed in 1981, all constructed under Chapter 667 of the Massachusetts General Laws. In addition, there are forty apartments at Crystal View constructed with federal funds and completed in 1980.

In 1982, the Authority purchased three houses in Wakefield which now provide homes for eight low income families. Funding for this program, Chapter 705, is through the Commonwealth of Massachusetts.

Our two programs of rental assistance, 707 funded by the Commonwealth, and Section 8, funded by the Federal Government, assist approximately 144 families both in Wakefield and, where authorized, in other cities and towns. This year the Authority received monies to provide for 7 additional units of 707 subsidized housing.

Improvements such as additional insulation, thermostats, weatherstripping, and other items related to energy savings have been funded by the Com-

monwealth for the modernization of Hart's Hill. The Authority has also received funding for construction of new housing for the handicapped under the Chapter 689 State housing program.

Barbara Miller retired in August after 20 years with the Housing Authority. Patricia Odjaghian was appointed as the new Executive Director. Other administrative staff includes Mary Gallucci, Leased Housing Coordinator, Allison Bourque, secretary-bookkeeper, and Norma Lester, part-time receptionist. Charles Longmuir, Burl Whelchel, and Eugene Ruggiere maintain the properties at Hart's Hill, Crystal View and Lincoln School House.

Affordable housing continues to be sorely needed and, in the coming year, the Authority will continue to look into housing alternatives and opportunities which will be of benefit to the constituency we serve.

## *Report of The Director of Public Works*

As required by Chapter 48, of the Acts of 1950, an Act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit a report of the work accomplished in 1984 with thoughts for the future.

1. The Diagnostic/Feasibility Study of Lake Quannapowitt was begun in March of 1984 by Camp Dresser & McKee, Inc., consulting engineers. This study is funded 70% by the State and 30% by the Town. The year-long study is expected to be completed in April of 1985. The recommendations for long range solutions to the water quality and weed problems are to be advanced, after which time the implementation of these recommendations will be put before the Board of Public Works and Town Meeting for action. It is anticipated that the implementation phase will also be funded by a 70% State grant.

2. The MDC (Metropolitan District Commission) has advertised and will take bids in February of 1985 for the construction of their new sewer pumping station at the intersection of Putnam Avenue and Redfield Road. This project will include a sewer force main in Wakefield along Brook Street and Prospect Street. The station is to be located on land formerly owned by the Town of Wakefield. In return for the Town granting the MDC the land, the MDC will construct public sewers to service those Wakefield properties along the route of the force main at no cost to the Town or the abutters. The project is expected to be completed by the spring or summer of 1986.

3. The MDC is proceeding very slowly on Wakefield's second connection to the MDC water system although they have awarded the contract for construction of a six (6) million gallon standpipe on Bear Hill in the Middlesex Fells Reservation in Stoneham.

The Town, however, has proceeded rapidly to make improvements to the Wakefield Water Distribution System by retaining the local firm of Weston & Sampson, Engineers, Inc., consulting engineers, to design the improvements required to accept the second connection and have awarded a contract to P. Caliacco Corporation, Quincy, Massachusetts, for the construction of these improvements. Work under this contract will commence in the Spring of 1985 and is expected to be completed by July 1985. It is expected that once our system is connected to the new MDC line that pressures on the higher elevations of the West Side will be increased by 8 - 10 psi.

4. The MDC Sewer Division and the Department of Environmental Quality Engineering required the Town to complete an inflow/infiltration study before approval of our Municipal Sewer Discharge permit would be approved. The Town retained the firm of Camp Dresser & McKee, Inc., Boston, to conduct this study which was completed in November 1984. The Town is now proceeding to Phase II of a Sewer System Evaluation Study, both phases are funded by a 90% State Grant. Phase II is expected to be completed in mid-summer 1985, after which the final phase or implementation phase will begin. Phase III will be also funded with a 90% State Grant and will depend on the recommendations from the completion of Phase II.

5. The Town should lose no opportunity to replace its aging vehicular fleet if we are to respond to the duties and responsibilities assigned to the Department of Public Works in the future on any kind of an efficient or effective basis.

6. The year 1984 saw the Department lose through retirement two very capable supervisors. "Tom" Collins, Town Engineer and Francis Reed, Water & Sewer Supervisor. They will be missed. They were replaced by Mr. Jay Abely as Town Engineer and Mr. Peter Tassi as Water & Sewer Supervisor.

7. The Legislature, very late in the 1984 session, created a new Water Resources Authority which will replace the MDC Water & Sewer Divisions. This new authority was created to better deal with the long existing problems of additional water supply for the area and for the solving the many problems attendant on the pollution of Boston Harbor. The new authority will not come under the provisions of Proposition 2½, so, as a consequence, the next few years will see a dramatic increase in the water and sewer assessments on the Town. The increases are expected to be of such a magnitude that in order for the Town to survive under Proposition 2½ a sewer user charge should be instituted rather than allowing sewer costs to be borne by the tax levy as is the case at present.

8. The reconstruction of Main Street from Salem Street to Lowell Street, under the Urban Systems Program, conceived more than five (5) years ago, is finally being reviewed by both the State and Federal agencies at 75% level. It is hoped that this much needed project, which will be 100% funded by state and federal funds if approved, can be advertised for bid in 1985.

9. The Department's water meter replacement program got underway in October of 1984 and by year's end saw approximately 1,500 water meters replaced with remote reading meters. The program will be completed in the summer of 1985 after which the water billing process will be completely automated with much less inconvenience to the customer. The target is to replace approximately 4,500 old meters, coupled with the near 2,000 remote reading meters in the system at the start of the program, will mean that our entire metering system can be read from outside the homes on tape, cutting down on both meter reading and billing time.

10. The change in refuse collection from Town forces to contract collection started in July of 1983 continues to work well. As expected, the costs have only escalated 5% per year and we continue to show a cost savings as was originally forecast.

11. The re-design of a portion of Nahant Street, near Birch Hill Avenue and Stark Avenue, has been completed and the reconstruction is scheduled to start in the Spring or early Summer of 1985. This reconstruction should alleviate a problem with this high accident location by properly super-elevating the roadway allowing safe travel for speeds up to 30 MPH.

12. The Town was a recipient of a UDAG grant from the State for improving the roadway and sidewalk areas around the old Transiron Building, which has been renamed Harvard Mills Square. The area of Foundry Street, Maple Street and Lake Street had new concrete sidewalks installed and in the spring all of the aforementioned streets will be resurfaced; the intersection of Foundry and Albion widened and a new sidewalk and curb constructed on the west side of Foundry Street from Maple Street to Broadway. The utilities in this area have been relocated from overhead to underground and new street lighting will be installed in the spring of 1985.

13. The reconstruction and acceptance as Public Ways of Audubon and Teal Roads was completed in 1984, funded by a Public Works Economic Development grant from the Massachusetts Department of Public Works. The project was designed and the construction supervision provided by the engineering firm of Vanasse/Hangen Engineering, Inc., Boston, Massachusetts.

14. A septage disposal point was designated on Old Melvin Street near the Wakefield Ready Mixed Concrete Co. Inc. Agreements are being drawn and Approvals from the MDC are expected to be completed in early 1985. This will provide for the first time in nearly twelve years a place for a disposal of sanitary wastes pumped from septic tanks from the homes not yet sewered by the Town's public sewer system (approximate 500).

For details of what has been accomplished throughout this year, I refer you to the following Division Supervisors' reports.

Respectfully submitted,

RICHARD C. BOUTIETTE, P.E.  
Director of Public Works

### ENGINEERING DIVISION

Submitted herewith is my first annual report as Town Engineer for the year ending December 31, 1984.

#### Sanitary Sewers

This division designed construction plans for 2,227 lineal feet of sewer in Upland Road, Dillaway Street, Sidney Street and Shady Avenue. The contract was awarded to Filippone & Son Construction Co. Inc. of Revere, Massachusetts in late September. Due to the inability of securing a blaster, the starting date was delayed to the first of December. The installation of the sewer will be inspected by this Division and work should be completed in the Spring. We apologize for any inconvenience which residents have suffered.

#### Roadway

The Engineering Division accomplished the following:

a. Supervision of the reconstruction of Wayland Road, a private way, under the provisions of Section 19, Chapter VII of the General Bylaws of the Town began in September of 1983 and was completed in October of 1984.

b. Designed and inspected installation of curbing and sidewalks around the Harvard Mills Project. Resurfacing of the streets in this area is scheduled for the Spring of 1985.

c. Resubmitted 75% Review Plans for the reconstruction of Main Street in July of 1984 to the Massachusetts Department of Public Works. The original 75% submission was in July of 1983 and the plans were either lost or misplaced. Hopefully final design can be completed in early 1985.

d. Designed roadway improvements for Nahant Street at Birch Hill Avenue which has been the scene of many accidents. Reconstruction will begin in the Spring of 1985 using Chapter 90 funds.

#### Drainage

This division:

a. Designed construction plans to eliminate a problem area between Karl Road and Converse Street. Construction should begin in 1985 upon granting of an easement.

b. A detail survey of the existing drainage system between Byron Street, Gould Street and the Moulton Playground was undertaken. Construction Plans and a cost estimate will be prepared along with a Town Meeting Article. If the ar-

ticle passes Town Meeting, construction to eliminate the problem could begin in the Spring of 1985.

c. Continued to locate the existing drainage throughout the Town for record maps. The project is approximately 90% completed and we hope to complete the project within the next few years.

d. Designed and Supervised reconstruction of Drainage in Cordis Street for the Highway Division.

### Survey

a. This division provided survey layout services for the Cemetery Division at the Forest Glade Cemetery and for the Forestry and Park Division at various locations throughout the Town.

b. Detail surveys and plans were prepared for Main Street from Forest Street to Greenwood Street for the Traffic Signal Consultant working for the Municipal Light Department.

c. Detail surveys and plans were prepared for the Harvard Mills area and the North Avenue and Albion Street intersection for the consultants working for the Town.

d. Detail surveys and plans were prepared for Lake and Foundry Streets from Maple Street to Broadway. Reconstruction of these streets should begin in the Spring of 1985.

### Water

a. This division assisted the Water Division with the contract specification for the water meter installation program.

b. This division marked out the existing water mains on all streets to be affected by the Metropolitan District Commission Second Connection presently under design by Weston & Sampson, Inc., engineers. A construction contract was awarded to P. Caliacco Corporation of Quincy, Massachusetts and construction should begin in the Spring of 1985.

### General

Inspection services were provided for all subdivisions presently under construction in accordance with plans approved by the Planning Board.

Sewer Easement plans and descriptions were prepared for Dillaway Street, Sidney Street, Upland Road and Shady Avenue.

Drain Easement plans and descriptions were prepared for Bellevue Avenue and Converse Street.

Traffic Signal Easement plans and descriptions were prepared for Atwood Avenue and Forest Street.

Public Way Taking plans and descriptions were prepared for Atwood Avenue and Forest Street.

Technical assistance was provided to all Town departments when requested.

I would like to thank the Director of Public Works, the Divisional Supervisors, the Secretarial staff of the Department of Public Works and other Town Officials for their assistance throughout the year.

I would especially like to thank my staff consisting of Richard J. Tabb, Daniel R. Christopher, co-operative student Robert J. Smiglis and summer employee Charles Mathewson for their dedication and assistance throughout the

year. Their ability to perform, with the loss of Project Engineer Michael Vozzella, has been greatly appreciated.

Best wishes to my predecessor Michael T. Collins in his retirement.

Respectfully submitted,

JAMES J. ABELY, P.E., P.L.S.  
Town Engineer

### BUILDINGS DIVISION

Submitted herewith are the major projects undertaken by the Building Division during 1984.

#### **Town Hall**

Replaced 5-ton air conditioning unit for Engineers' Office, replaced cleat flashing on north side of building's roof.

#### **Fire Central**

Replaced 3" copper center drain on roof of Engine House tower roof, removed slate and covered with asphalt #235 fiber glass shingles 60 - 40 strip and paper.

#### **Fire Greenwood**

Replaced boiler inspection plate, also replaced frozen gate valve to automatic water feed.

#### **Tree Department**

Replaced roof shingles on Sylvan Avenue storage shed.

#### **Police Station**

Extensive repair to front steps. Leaking roof over Conference Room was patched. Conference Room ceiling and walls repainted, also secretary's office and Evidence Room.

#### **Auxiliary Fire Station**

Two sections of garage door replaced. Installed new siding Texture III and weather strip.

#### **Filter Station Broadway**

Installed two (2) new gas Modiene heaters.

#### **Broadway Pumping Station**

Installed outside security lights. Installed new carpet in Water Superintendent's office. Installed new Carlin oil burner Model 200. Main Street Sewer Station (E.J. 1) — installed one (1) 2000 Watt Heater. Repaired electric heater in storage building.

#### **Farm Street Sewer Pumping Station**

Replaced Rezner gas burner heater.

#### **Highway Garage — Old Building**

Installed duct work for air conditioner and installed filters to offices.

**Highway Garage — New Garage**

Repaired roof leaks around beehive drain.

**Mapleway Storage Shed**

Stripped and resingled roof and replaced damaged boards.

**All Buildings**

Cleaned out all unit heaters and replaced all filters.

Contact has been made with DEC-TAM Corporation for encapsulation at Town Hall Boiler Room and Police Station — Boiler Room and offices.

I would like to take this opportunity to thank all Public Works' employees, all Division Supervisors, the Administrative and Office staff for their cooperation and assistance throughout the year.

Respectfully submitted,

CHESTER J. CONFALONE  
Supervisor of Buildings

**FORESTRY AND PARK DIVISION**

It is my pleasure to inform you of the maintenance program of the Forestry section during 1984. The normal winter schedule consists of snow and ice work of our public roadways and the cutting of dead and dying trees along our public streets. In addition, the cutting and removal of trees and shrub growth for the Forest Glade Cemetery's development of grave sites which is an on-going program each year. Total estimated requests received and completed by this division were 243. Approximately 73 public shade trees have been removed.

The Park crew has its routine winter schedule of snow and ice emergency work primarily sidewalk plowing for the safety of school children. The Park Division was able to continue with routine maintenance of ball diamonds for scheduled use by both private leagues and the School Department's Physical Education Programs. Grass mowing of our public parks and playgrounds is our major maintenance schedule. Also, this division is responsible for many miles of roadside mowing of grass and weeds along our public streets and intersections. Many locations are maintained because of our public school children's use of sidewalk routes adjacent to vacant lots and wooded areas. The Park crew is responsible for the Colonel Connelly beach, the Boat Ramp at Veterans' Field and all rubbish collection of the entire park system.

This year the Recreation Commission had procured a Federal Grant to re-condition and install new playground equipment at Moulton Playground. Work program consisted of the installation of new animal spring set, whirlwind spiral slide, re-condition large swing set, new park benches and bleacher stand and the reconstruction of the diamond with clay washings and new sod for the infield and outer perimeter. Approximately 12,000 square feet of new grass has been installed. Other major work was contracted out because of the nature of repairs and replacement of fences and asphalt work requested.

Respectfully submitted,

ROBERT J. BELANGER, Supervisor  
Forestry and Park Division

## CEMETERY DIVISION

I am pleased to inform you of the maintenance program of the Forest Glade Cemetery for the year ending December 31, 1984.

During the winter season all available personnel were assigned to cutting and removing trees and brush to make ready a development for new grave locations, a continuation of last year's program. Early spring we were able to complete the sodding of our new Veterans' section. The work program consisted of preparing and seeding many winter interment graves. Also, digging and cementing the foundation orders for new memorial head stones. The crew continued mowing grass and trimming weeds preparing for Memorial Day observances.

The Board of Public Works voted to increase the current cemetery service rates and prices for graves effective September 26, 1984. Included in the new policy was the restriction of the sale of graves and lots to residents only. By early fall the cemetery crew had partially sodded the new section, "J", and placed grass seed to the remainder of the loamed area for the future sales of graves.

In conclusion, I would like to thank all department personnel whose service made possible the readiness of the cemetery grounds and those of the Old Church Street Cemetery for Memorial Day Services.

Forest Glade Cemetery Interments for 1984	159
Sale of Lots and Graves	\$26,290.00
Sales of Service Revenue	\$102,977.00

Respectfully submitted,

ROBERT J. BELANGER, Supervisor  
Cemetery Division

## HIGHWAY DIVISION

This has been a year primarily devoted to maintenance by this Division. We feel that the major need of the Town is one of maintaining our existing facilities, which is becoming a problem of ever-increasing magnitude.

The increasing numbers of heavy traffic has hastened the deterioration of our major arteries and some secondary roads. New roads and subdivisions are adding to the list of streets, drains, and sidewalks to be maintained by the Highway Division. I must state that the preventive maintenance schedule of the Division has been a prime factor in great savings to the Town in respect that the facilities do not reach the stage of complete reconstruction.

With this in mind, I hereby submit the report of work accomplished by this Division for the year 1984.

**Street Maintenance**

Normal patching as required for maintenance, resurfacing (Stone Chip Seal and Slurry Seal) and Bituminous Concrete in conjunction with Chapter 90 overlay program was completed.

The following streets were resurfaced with Bituminous Concrete Type I by Hiway Paving, Inc., North Billerica, Massachusetts:

Salem Street from Pleasure Island Road to Chapman Road  
New Salem Street from Vernon Street to culvert at river  
Greenwood Street from Main Street to Melrose line

All preparation for paving is performed by Highway Department personnel.

This includes adjusting curbing, berms, driveway and sidewalk paving, any drainage changes or additions, and patching to old paving failures.

S. Benedetto & Sons of Wakefield, Massachusetts was contracted to raise to grade all water and gas gates, sewer drain and catch basin covers on the paved streets.

The following streets received an application of chip seal by Mystic Bituminous Products Company, Inc., Everett, Massachusetts:

#### CHIPSEAL 31,738 S.Y.

Bryant Street	White Avenue
Pearl Street	Aborn Avenue
Lawrence Street	Sweetser Street
Wave Avenue	Cordis Street

The streets were sealed from Pleasant Street to Main Street.

Pleasant Street was sealed from Brewster Road to Salem Street

Middlesex Paving Inc., Chelmsford, MA paved Yale Avenue and Chestnut Street from Main Street to North Avenue with bituminous concrete.

Seal Coating of New England, Hingham, MA slurry sealed the following streets:

Vale View Road	Forrester Road
Lantern Lane	Drury Lane
Davidson Road	Beebe Lane
Alpine Circle	Swain Place
Edwards Avenue	Pleasant Street
Elm Square	(Lowell Street to
Brewster Road	Brewster Road)

#### Street Sweeping

The business section was swept twice each week from April to December (weather permitting). All streets were swept of any leaves and sand in the spring and fall and re-swept as often as necessary during the summer months. The sweeping is contracted to J.K. Municipal Services, Middleton, Massachusetts.

#### Traffic Lines

The following line painting was completed by T.S.M. Inc., Foxboro, MA:

150,000 L.F.	4" Centerline
17,000 L.F.	4" Edgeline
1,500 L.F.	12" Stop Line
16,400 L.F.	12" Crosswalks
24	Directional Arrows
90	24" Letters
20,000 L.F.	4" Parking Lines
9	6' Traffic Circles
10	Railroad Crossing
	Markings

#### Patching

All permanent patching of water and sewer trenches is done by the Highway Division.

The department also permanently paved 95% of the Municipal Light Department gas and electric trenches in all sections of the Town.

### Road Construction

Kathleen Drive: From the intersection of Nahant Street and Valley Street 600'.

Lilah Circle: From the end of Kathleen Drive 380' to a cul-de-sac.

Molly Circle: From the end of Kathleen Drive 375' to a cul-de-sac.

Collette Road: Near the intersection of Rosemary Avenue and Roosevelt Road 450' to a cul-de-sac.

Old Colony Drive: From 200' off sideline of Walton Street approximately 820' of road construction.

Jessica Lane: Off northerly side of Old Colony Drive 380' to a cul-de-sac.

Orsini Drive: Opposite #15 Roosevelt Road 600' of road construction.

### Traffic and Street Signs

This year we installed or replaced the following signs:

Replaced traffic signs	85
New poles replaced	40
Street signs replaced	100

### Berm and Curbing

2,000 L.F. of bituminous concrete berm and shoulder paving was done to halt the erosion of gravel shoulders and grass strips.

### Drain Maintenance

A total of 22 catch basins were repaired in sections of the Town. Twelve (12) manholes were also repaired.

Trouble spots along the Mill, Saugus, and Salem Street Rivers were dug or dredged by S. Benedetto, Wakefield, Massachusetts.

The Highway Division continually maintains the brooks and culverts by digging, widening and the cleaning of brush and debris. This year we cleaned approximately 8,000 L.F. of brooks.

2,000 manhole and catch basins in the drainage system were cleaned of leaves and debris; some were cleaned twice. This service is contracted to J. K. Municipal Services.

502 requests for berm installation, repair to signs, sidewalks, streets, and drains were performed.

### Winter Schedule

The Department's winter schedule consists primarily of jobs relating to snow and ice control. Snow fence was installed and maintained at the Lower Common and at the head of the lake on Main Street.

85 sand barrels are placed in areas at hills and intersections where icing may exist on the pavement. This is a service to motorists in emergencies. The barrels are maintained and filled with sand during the winter season.

Brooks, catch basins and culverts are cleaned to alleviate the possibility of flooding in early spring.

All personnel and equipment are involved in sanding, plowing and snow removal.

Personnel maintain plows, sanders, and chains between sanding and plowing operations.

## Refuse Collection

Waste Management of Boston-North, Woburn, Massachusetts assumed the task of collecting all solid waste in Town. In 1984, 11,407.95 tons of refuse was delivered to the R.E.S.C.O. Resources Recovery Plant in Saugus for disposal. Unit cost to R.E.S.C.O. was \$19.05 per ton for disposal.

In closing my report, I would like to take this opportunity to thank all Public Works' employees, all Division Heads and our office staff for their cooperation and assistance throughout the year of 1984.

Respectfully submitted,

RALPH P. DeCECCA, Supervisor

## SEWER DIVISION

### Sewer Construction

Mansfield Drive Extension: From an existing manhole on Sesame Street — 105 feet easterly to a dead manhole on Mansfield Drive Extension. 8" P.V.C. pipe.

Orsini Drive: From an existing manhole on Roosevelt Road — 600 feet easterly to a dead end manhole on Roosevelt Road. 8" P.V.C. pipe.

In conclusion, I would like to thank all Public Works Employees, Division Supervisors, Administrative and Office Staff for your welcome to the Town of Wakefield, also your cooperation and assistance throughout the year.

PETER J. TASSI, Supervisor  
Sewer Division

## WATER DIVISION

### New Services

By Contractor	34
Service relaid during year	20

### Distribution System

Total number of miles of pipe now in use	84.48
Number of hydrants	636
Range of pressure on mains	20 pounds to 110 pounds
Number of service taps now in use	7,217
Percentage of active services metered	99.7%
During the year 1200 pounds of copper sulphate was applied to Crystal Lake.	

### Water Meter Installation

The program for installing new water meters with outside receptables got underway with approximately 1,000 installation completed this year.

In conclusion, I would like to thank all Public Works Employees, Division Supervisors, Administrative and Office Staff for your welcome to the Town of Wakefield, also your cooperation and assistance throughout the year.

# *Report of the School Committee*

## Reorganization — 1984

	Term Expires
John B. Encarnacao, Chairman 15 Walton St.	1987
Paul Bettano, Secretary 118 Vernon St.	1985
Warren Magoon 27 Outlook Rd.	1987
Charles McCauley, Jr. 32 Lawrence St.	1986
Janice Poritzky 1 Woodcrest Drive	1985
Louis J. Racca 62 Paon Blvd.	1986
H. Steven Welford, Jr. 23 Greenwood Ave.	1986

Early in 1984, the School Committee continued its practice of setting goals for the year. The following goals were established and the School Committee directed the administration to focus on their accomplishment during the educational and administrative year:

1. Develop a permanent solution to the chronic overcrowding problem of the West Side elementary district and establish a long-range plan for accommodating the school facility needs of grades k-6.
2. Restructure high school graduation requirements so they are sensitive to the needs of Wakefield students, satisfy mandated changes and provide a sound education for all students of Wakefield High School.
3. Continue the staff development program with special attention to the secondary level.
4. Develop ways and means to apply computer technology to the subject matter areas.
5. Continue initiatives taken to develop, expand and improve curriculum at all levels. One specific area is the course offerings in art at the High School.
6. Expand and improve extracurricula and intramural programs, non-athletic as well as athletic.
7. Improve communications and interactions with staff and faculty so as to maintain mutual respect, understanding and appreciation as well as cohesive effort in all School Department endeavors.
8. Expand and formalize the Awards and Recognition program to insure acknowledgement of excellence in teaching, excellence in academic achievement by our students and outstanding contributions by the employees of the Wakefield School Department and citizens of Wakefield.

9. Increase financial support of education through a concerted effort to influence legislation at the state and national levels.

The School Committee listened carefully to the progress and final report of the Ad Hoc Committee on Redistricting regarding elementary school overcrowding and increasing enrollments. The problem has proven extremely complex because it involves changes in organization as well as possible financial expenditure at a time in which Wakefield needs to conserve its financial resources. The Committee accepted with gratitude the final report of the Ad Hoc Committee on Redistricting and directed the administration to analyze the report and make a recommendation for both short and long range solutions to the location of students in the school system grades K-12.

Negotiations with the teachers' union was the subject of a great deal of discussion by the School Committee. It was recognized that a very competent, professional teaching group has contributed so much to the well being of students that they deserve just compensation for their efforts. In the granting of a percentage increase to the teaching and administrative staff, the Committee is well aware that Wakefield's salaries are neither at the top or the bottom of the salary scales for professional educators in Massachusetts. In its deliberation and agreement on a basic 5% increase for all unions, the School Committee negotiated raises within the bounds of staff sensitivity and fiscal responsibility.

With frequent meetings and planning, educational needs were identified. The procedural format of the Committee was to avoid crisis management and carefully think through decisions in time to avoid reacting to problems.

Because of present and future needs, educational costs will continue to grow. The Committee has urged, through its public discussions, that the Town of Wakefield look for funds for the educational program which is a most critical investment for the citizenry. At the time of this writing, it is anticipated that the State of Massachusetts may require pre-kindergarten and full day kindergarten programs which are currently not available in Wakefield. If such is the case, then an additional financial investment will have to be made.

The School Committee carefully focused on the many educational reports which discussed standards of excellence in education and established a Subcommittee on Graduation Requirements. It also directed the administration to continue efforts to improve and update curriculum. Approved with a great deal of optimism was a new elementary mathematics curriculum designed by teachers, administrators and parents. The Committee also approved a new elementary social studies textbook series recommended by teachers and parents. It is expected that in 1985 other curriculum initiatives will come before the Committee for approval. Individual needs of all students across the system continued to be analyzed in 1984 and programs in occupational education, computer literacy, and student writing were emphasized.

The School Committee extends its deepest appreciation to the entire faculty and administration for their commitment to quality education. Special gratitude is extended to all the volunteers who serve the Town of Wakefield in its educational goals. The Police Department was extremely helpful in advising and administering safety programs in the schools. One of the most notable efforts was the fingerprinting of elementary students to ensure quick identification. Special gratitude is extended to the Ad Hoc Committee on Redistricting for its enormous task of sorting out the many possibilities and future planning of the educational organization.

The School Department extends best wishes to Philip McCarty upon his

retirement from the School Committee. Mr. McCarty worked very hard to maintain quality education despite budget limitations and always contributed to solutions with creativity and optimism. The School Department welcomed Janice Poritzky, Warren Magoon and John Encarnacao back to the School Committee.

A number of educational colleagues retired this past year. The School Committee wishes the following people a happy, healthy and active retirement: John Zynsky, Barbara Daly, Virginia Partridge, Jacqueline Nihan, Grace Cincotti, Russell Nelson, Barbara Smith, William Leonard, Margaret Donahue and Elizabeth Kelley.

Deepest sympathy is extended to the families of departed staff members Dorothy Remick, elementary teacher, and Lucian Colucci who served the Wakefield School Department for forty years, three of which he served as Superintendent of Schools.

Respectfully submitted,

JOHN B. ENCARNACAO, Chairman

## REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE WAKEFIELD SCHOOL COMMITTEE

### **Educational and Organizational Planning**

The year 1984 was a time of extensive educational and organizational planning.

An active subcommittee of the School Committee, the Subcommittee on Graduation Requirements, studied the findings of the Report of the National Commission on Educational Excellence relative to the Wakefield Public Schools. Subcommittee chairman, Steven Welford, and members, Janice Poritzky, Warren Magoon and Charles McCauley are planning in 1985 to recommend to the full Committee additional requirements for graduation. This subcommittee has deliberated extensively with teachers and administrators, reviewed Wakefield's secondary education program and is developing its proposals with a focus on learning skills consistent with the spirit of the national call for educational excellence and with the needs of the students and community of Wakefield.

The Ad Hoc Committee on Redistricting, a citizens group, was organized early in the year to study lack of classroom space and increasing enrollments on the West Side. It was soon discovered by this active group of participants that the pattern of requiring students to leave the West Side to attend school in other districts would begin in other parts of town because of the rising enrollments systemwide. Co-chairpersons Heidi Willis and Catherine Doucette presented three (3) recommendations to the School Committee which essentially presented the options of using existing facilities, creating a central elementary school district at the Atwell School and/or establishing a middle school organization with kindergarten through grade three in the elementary schools, grade four and five at the Atwell School, grades six and seven at the Junior High and grade eight at the High School in a separate wing with grade nine.

### **Wakefield's Educational Program and Achievements**

Teachers, administrators and parents actively pursued the examination, updating and improvement of elementary curricula. The School Committee approved a new mathematics curriculum for grades one through six. School Committee,

teachers and parents have expressed great enthusiasm for this new curriculum which delineates minimum learnings for students and provides a check list for parents to help monitor their youngsters' progress. Curricula changes in reading, social studies, language arts, art and kindergarten education will soon be presented to the School Committee for approval. Junior and senior high curriculum study is planned for 1985.

Wakefield continues to score above the national average on all achievement tests and on the verbal and mathematics Scholastic Aptitude Tests taken by high school seniors and juniors. The average in Massachusetts combined verbal and mathematics scores is 896. In 1984, the combined verbal and mathematics average for Wakefield was 918. Most of Wakefield scores on Advanced Placement Tests are above the national average in American history, biology, English, mathematics, social studies, French and physics B. Advanced Placement courses at Wakefield High School are taught on a freshman college level and often result in college credit and reduced college tuition for participating students.

In addition to the college courses, Wakefield High School continued a strong emphasis on courses for students bound for work and the military. Occupational educational programs in electronics, culinary arts, child care, distributive education and banking were offered and provided skills to students for entry level positions upon graduation. Courses in business, industrial arts, home economics, basic studies, general courses and an alternative high school were carefully planned and offered for the forty percent of Wakefield students who do not plan a post-secondary education. For the first time, courses in cable television production and programming were offered to high school students. One of the many activities of these classes has been the taping of School Committee meetings for later broadcasting townwide on the town cable Channel 18.

The Computer Laboratory at Wakefield Junior High School accommodated all of the grade eight students starting in September, 1984. This uniform delivery of computer education will open creative opportunities at Wakefield High School for students interested in this important field.

The achievements of Wakefield's music students reflects the excellence of the program. Wakefield High School had a larger number of students selected for the All State Orchestra than any other Massachusetts high school. The Wakefield High School Marching Band distinguished itself on repeated occasions by winning First Place honors for musical accuracy and accomplishment at the New England Scholastic Band Association competitions held in 1984. After winning the Massachusetts Instrumental Conductors Association state orchestra championship for six consecutive years, the Wakefield High School Orchestra Strings traveled to Montreal, Canada to compete on the international level. Wakefield was awarded the only Gold Medal among the seven competing high schools. The Gold Medal award indicates that the local high school string orchestra is representative of the best musical organizations of its kind in the world.

Elementary teachers attended seven staff development programs which provided several opportunities for professional study and development. These educational programs were planned by teachers and administrators and on several occasions, consultants as well as Wakefield staff members led programs in topics ranging from science education to grade level instructional uniformity and techniques. Additional programs are planned for junior and senior high staff.

### **Distinguished Honor to Principal**

The School Committee honored Nat Finklestein, Principal of the Greenwood-Franklin Schools, for his receiving the Thomas Passios Award, the highest honor given to an elementary principal in the State of Massachusetts. Mr. Finklestein was proudly recommended for the award by his colleagues and was chosen over nominations from across the state. In May, Commissioner of Education, Dr. John Lawson, presented the award to Mr. Finklestein in Hyannis in the presence of hundreds of school administrators from across the state. Mr. Finklestein was later invited to Washington D.C. where he was honored by President Ronald Reagan.

### **School and Community Partnerships**

The School Committee acknowledged the great efforts of citizens to assist the schools and awarded several certificates of excellence and appreciation in addition to those offered to teachers. The recipients of the School Committee awards for teaching excellence or citizenship volunteer efforts in 1984 were Nancy Fredrick, Cathleen White, Diane Kludjian, Nat Finklestein, William Gile, Heidi Willis and Catherine Doucette. Cited for highest academic excellence were senior students, Kristine Jackel and Erika Robinson.

Joan Dumont and Constance Keon provided strong leadership in the Cultural Arts Council sponsored by the Executive Council of School PTO Presidents. This council raised funds to provide music, dance, storytelling, puppetry and other cultural experiences to the students of Wakefield.

The parent-teacher organizations, the Police Department and the schools worked together to establish a fingerprinting identification system and telephone communication procedure in elementary schools which works to notify parents of absent students as soon as school begins each morning.

A group of thirteen retired citizens participated in a training workshop in computer education under the guidance of Principal Nat Finklestein, and Natalie Brooks, librarian and computer coordinator for the elementary schools. Upon completion of the workshop, these citizens will work in the schools as computer aides.

In November, the School Committee unanimously endorsed a proposal to work with the Wakefield Historical Commission on educational programs in the schools relating to the history and government of Wakefield. The School Department and Historical Commission have subsequently been planning joint programs and grant applications.

### **Public Education in the Future**

At the December 1984 Special Town Meeting, the citizens approved salary increases and important capital outlay items: a portion of the high school roof replacement, the removal of asbestos for the Junior High boiler room and the replacement of a boiler at the Montrose School. These actions were important steps in the School Department's attempts to continue the improvement of staff and plant operations within budget limitations.

As in the past, the improvement of educational programs, low student/teacher ratios and maintained plant facilities will be dependent on School Department consolidations, expanded financial growth of the town, state aid. Capital needs requirements and salary increases (negotiations for the 1985-86 contracts of the five School Department unions are currently in progress) will

continue to make an impact on the budget and will affect the financial support of all programs. Student enrollments are beginning to increase on the elementary level and the School Committee will be making an important decision in 1985 regarding accommodating the anticipated students.

The Massachusetts legislature is now reviewing a bill that may require Wakefield to provide pre-kindergarten programs, pre-first grade and expanded kindergarten programs. If additional early education programs are required, additional facilities and personnel will be necessary.

Wakefield has begun an informal collaborative with the Towns of Reading, North Reading and Lynnfield. The purpose of the group is to determine methods of providing educational services at lower cost to each member community. All four (4) community School Committees have adopted policies allowing students of each of the school districts to take courses at any of the four high schools among the four towns. The collaborative has currently entered into a discussion with Lowell University to determine if educational programming can be provided from Lowell over the contiguous cable lines in the four communities. This "electronic classroom" is a distinct possibility in the near future.

#### School Plant Management

In energy related projects, a new roof was installed over the entrance to the Franklin School on Traverse Street. Energy efficient lighting fixtures were installed in the Hurd and Franklin auditoriums. All oil burners and boilers were cleaned and inspected.

The West Ward School exterior was painted and several classrooms and corridors were painted systemwide.

Major school physical education and athletic areas were serviced by a contractor, Prescription Turf Services, as a cost saving effort which has proven successful and will be recommended to continue in 1985.

## *Report of the Board of Trustees Lucius Beebe Memorial Library*

The Massachusetts Board of Library Trustees holds a one-day conference each year in October.

The conference schedule includes a series of workshops and a meeting. The workshops are designed to increase the trustees' awareness and knowledge of current laws pertaining to libraries and library trustees, technological changes, and library services. The trustees who attend the conference report to the rest of the board on the content of the workshops and the meeting.

We all shared a common reaction after attending the conference — great pride in the staff and services offered by the Lucius Beebe Memorial Library.

In April negotiations began to lease the Greenwood Branch Library to Barbara DeBenedictis for use as a day care center. A letter was sent to the Board of Selectmen in May containing all information about the proposed leasing of the branch library. In June the Greenwood Branch Library was leased to Barbara DeBenedictis and all items of the agreement were fulfilled.

The computerized circulation system that was purchased and installed in 1981 has grown from a consortium of five libraries to eleven with the possibility of adding more member libraries. Patrons of Lucius Beebe Memorial Library now have access to almost 500,000 volumes from member libraries. Director Sharon Gilley is a member of the executive board of the consortium NOBLE, the North of Boston Library Exchange.

The Friends of the Library purchased an intercom and telephone system for the library and chairs for the Lecture Hall. We are grateful for these much needed and appreciated items and the work involved in the Friends' Annual Book Sale.

We commend Director Sharon Gilley and Assistant Director Susan Flannery for their outstanding administration of the library.

The staff gives patrons the benefit of their knowledge of library resources and services with courtesy and patience. We appreciate the atmosphere of professionalism and courtesy they create.

Respectfully submitted,

Board of Library Trustees

### REPORT OF THE LIBRARY DIRECTOR

The major service of the library is lending books, but there are other ways in which the library served as an educational, cultural, and recreational resource to Wakefieldians during 1984.

## Services to Adults

Former Governor John Volpe and author George Higgins both accepted invitations to speak. Governor Volpe's address was a feature of the library's Italian History Project, an effort to preserve a portion of Wakefield's ethnic heritage. Both speakers were videotaped for subsequent cablecasting.

Participants in a resumé-writing workshop conducted by the North Shore Community College Placement Office designed resumé's to serve as effective marketing tools for their individual purposes.

Library staff addressed the Retired Men's Group and the Sisterhood of Temple Emmanuel, as well as hosting monthly meetings of the Greenwood Book Group and the Great Books Discussion Group.

In June, a Weaving Show drew participants from the greater Boston area. Weavers and spinners demonstrated their crafts and loaned their work for display.

The library also exhibited award-winning photographs by Barrett Bacall, paintings by Forrest Musser and Adele Keohan, and a display on voting sponsored by the League of Women Voters.

Besides these library-sponsored activities, 185 events sponsored by local organizations took place in library meeting rooms.

The Genealogy and Local History collections have been heavily used by homeowners, local businesses, and the Historical Commission.

With a total of five notaries public on the staff, the library now provides notary service during most of the hours open.

Staff and volunteers of the Adult Literacy Workshop taught two dozen adult students, most of whom learned English as a second language. Over the years, the ALW has enabled many newcomers to this country to become employable and has been the opening chapter to many success stories.

## Services to Youths

Young adults participated in the summer reading program "Megabooks," acquired pen pals across the nation, attended a babysitting workshop sponsored in cooperation with Melrose-Wakefield Hospital, and thrilled to the Electric Stars' breakdancing demonstration. In addition, author Richard Peck and columnist Beth Winship spoke to young people and parents.

Members of the "Explorers' Club," the summer reading program for children, made everything from oompicks to polar bears and visited Harvard University's Peabody Museum.

During the winter months, each week's rhythm was set by the seven weekly story hour sessions conducted for toddlers and pre-schoolers. Participants learned about the pleasures of books and their library.

Wakefieldians who subscribe to cable may have seen the library's *Tell Me a Story*, a reading-aloud experience featuring local youngsters.

Special events included performances by the Ha' Penny Puppets, Boston Lamplight Puppet Theatre, Gerwick Puppets Theatre, Mother Goose (Marcia Perlmutter), and an anonymous Clown. Children's author Jean van Leeuwen spoke to third graders, author Jim Trelease exhorted parents to read to their offspring, and storyteller Jackie Torrence enraptured a capacity crowd of all ages.

## Technical Services

Non-circulating collections are being entered into the data base shared by

eleven neighboring libraries. This enables staff to locate resources needed for patron reference. Eventually, the data base will be made available to all library patrons, thereby making the time-honored card catalog obsolete.

With the assistance of the Summer Youth Employment Program, one third of the adult collection was inventoried.

### Volunteers

The Friends of the Library continue to provide copier service, museum passes, and the annual booksale.

Readers unable to come to the library have been grateful for the book delivery service provided by generous volunteers.

Finally, no one would be able to find anything at the Beebe Library were it not for a small corps of very reliable volunteers who help keep the books in order on the shelves.

Respectfully submitted,  
SHARON A. GILLEY  
Library Director

# *Report of the Municipal Light Department*

To the Citizens of the Town of Wakefield . . .

We are pleased to submit our ninety-first Annual Report of the Municipal Light Department, covering the period July 1, 1983, to June 30, 1984.

## Electric Operations:

Kilowatt hour sales to customers were 8.5% higher than the previous year due to some commercial and industrial growth in Wakefield. Major construction expenditures included replacement of approximately sixty poles and the purchase and installation of sixteen transformers of various sizes.

## Gas Operations:

Gas sales to customers were 9.5% higher than the previous year due to an increase in the number of gas heat customers and the slightly colder weather. The Department had one major construction expenditure: the installation of 2000 feet of new gas main on Pleasant Street, which replaced an old cast iron main.

KENNETH CHASE, JR., Chairman

## WAKEFIELD ANNUAL TOWN MEETING

### MARCH 12, 1984

The Moderator, Mr. Albert J. Turco, called the meeting to order in the auditorium of the Memorial Junior High School, Main Street, Wakefield, Mass.

The Moderator then recognized Alfred A. Palmerino, Chairman of the Finance Committee who moved that further reading of the Warrant with the exception of the Constable's return be dispensed with.

After the reading of the Constable's return by the Town Clerk, Mr. Palmerino then made the following explanation:

The Warrant has been printed and the order of business to be voted is before us. However, the recommendations of the Finance Committee to the Townspeople of Wakefield have not been voted.

The Finance Committee commenced hearing departmental budgets for Fiscal 1985 on February 16, 1984. The Committee has set April 7, 1984 as a final date to complete its review and recommendations of budgets and articles for the 1984 Town Meeting.

The interval between April 7, 1984 and the Town Meeting date of May 14, 1984 is necessary in order to provide sufficient time for the printing of the Town Meeting Booklet and its review by the citizens of Wakefield.

The Chairman then moved that this meeting be adjourned until May 14, 1984 at 7:30 p.m. There were 23 people in attendance for this 3 minute meeting.

## WAKEFIELD ANNUAL TOWN MEETING

### MAY 14, 1984

### SECOND SESSION

Mr. Albert Turco, Moderator, opened the second session of the Annual Town Meeting at 7:33 p.m. in the auditorium of the Memorial Junior High School, Wakefield, Mass.

The pages were introduced who were students of the Social Studies class of the High School. The visitors, Boy Scouts, High School students, and newspeople were asked to stand and be recognized. The tellers, who were duly sworn, were announced.

Mr. John "Wally" Moccia was recognized then by the Moderator. He moved that we observe a moment of silence in memory of Mary Egan.

## ARTICLE 1

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the fiscal period July 1, 1984 to June 30, 1985, in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Paul Lazzaro and Others

On motion by Finance Committee:

**Voted:** That the Town authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the fiscal period July 1, 1984 to June 30, 1985, in accordance with General Laws, Chapter 44, Section 4, and the Acts in amendment thereof, and to renew any note or notes as may be given for a period of less than one (1) year in accordance with General Laws, Chapter 44, Section 17.

## ARTICLE 2

To determine how much money the Town will raise and appropriate for General Government, Protection of Persons and Property, Health and Sanitation, Public Works, Veterans' Benefits, Education, Recreation, Unclassified, Employee's Contributory and Non-Contributory Retirement System and Contributory Group Health, Accident and Life Insurance, Public Service Enterprises, Interest and Maturing Debt, specifying what appropriations shall be taken from the receipts of a department.

Board of Selectmen

On motion by Finance Committee:

**Voted:** That the Town vote to raise and appropriate the sums of money as detailed in the following budget recommendations for the Fiscal Year July 1, 1984 through June 30, 1985, the grand total amounting to \$21,701,822.00.

The Finance Committee's motion will provide for the breakdown of this amount and the sources thereof in the various classifications as described in the Finance Committee report.

## GENERAL GOVERNMENT

On motion by Finance Committee:

**Voted:** That the Town raise and appropriate the sum of \$912,517.00 for General Government, and to provide therefor:

The sum of \$15,000.00 to be appropriated by transfer from the Federal Revenue Sharing Fund, P.L. 92-512, State and Local Fiscal Assistance Act of 1972, as amended by the State and Local Fiscal Assistance Amendments of 1976 & 1983 to the Accounting Department, Contractual Services Account; and the sum of \$897,517.00 be raised and appropriated from Tax Levy as follows:

# *Seventieth Annual Report of the Town Accountant*

FOR THE FISCAL PERIOD ENDING JUNE 30, 1984

The total cash expenditure processed by the Town Accountant's office amounted to \$57,682,856.72.

The total cash receipts amounted to \$58,463,131.41 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The records of the Town Treasurer have been examined and found to be in agreement with the accountant's balances.

The operating cash balance as of June 30, 1984 is as follows:

Revenue Cash	\$ 6,298,173.64
Federal Revenue Sharing Cash	326,590.82
Employees' Group Health	
Insurance Claims Trust	1,215.25
HUD Community Development	
Block Grant	11,971.48
HUD Rehabilitation	
Escrow Account	404,703.43

Trust Funds have been checked by examination of Securities, Savings Bank Accounts and Deposit Books.

Funds of the Contributory Retirement System have been verified by examination of Bank Books, Securities, and Checking Account.

Balance was in agreement as of December 31, 1983 with the Accountant's balance. Funds are invested as follows:

Mass. Municipal Depository Trust	\$ 555,000.00
Savings Banks	98,922.03
Investment Stocks	303,087.50
U.S. Government Bonds	2,949,277.45
Industrial Bonds	193,753.44
Transportation Bonds	200,074.66

Public Utility Bonds	1,571,707.03
Bank Bonds	<u>303,705.37</u>

\$ 7,761,159.09

All cancelled, permanent, and temporary loans paid during the year by the Treasurer have been examined and found to be as reported.

A general financial audit of the Town of Wakefield, with the exception of the Wakefield Municipal Light Department, for the year ending June 30, 1984, was performed by Theodore S. Samet & Company, Certified Public Accountants, Chestnut Hill, Massachusetts. Peat, Marwick, Mitchell & Company, Certified Public Accountants, Boston, Massachusetts, performed a financial audit of the Wakefield Municipal Light Department for the year ending June 30, 1984.

The complete Financial statements for the Town, together with the reports of Theodore S. Samet & Company, Peat, Marwick, Mitchell and Company, are on file in the office of the Board of Selectmen and are available for review upon request during normal business hours.

JOHN J. McCARTHY  
Town Accountant
